Antitrust Guidelines

Association Meetings – To minimize the possibility of antitrust problems at association gatherings, the following guidelines should be followed at all meetings of the Board of Directors and committees, as well as all association-sponsored conventions, trade shows, training seminars, conferences, and task force and working group sessions.

- **DO NOT** discuss your prices or competitors' prices with a competitor (except when buying from or selling to that competitor) or anything which might affect prices such as costs, discounts, terms of sale, or profit margins.
- **DO NOT** agree with competitors to uniform terms of sale, warranties, or contract provisions.
- **DO NOT** agree with competitors to divide customers or territories.
- **DO NOT** act jointly with one or more competitors to put another competitor at a disadvantage.
- **DO NOT** try to prevent your supplier from selling to your competitor.
- **DO NOT** discuss your future pricing, marketing, or policy plans with competitors.
- **DO NOT** discuss your customers with your competitors.
- **DO NOT** make statements about your future plans regarding pricing, expansion, or other policies with anti-competitive overtones. Do not participate in discussions where other members do.
- **DO NOT** propose or agree to any standardization, the purpose of which is anti-competitive, e.g., to injure your competitor.
- **DO NOT** attend or stay at any informal association meeting where there is no agenda, no minutes are taken, and no association staff member is present.
- **DO NOT** do anything before or after association meetings, or at social events, which would be improper at a formal association meeting.
- **DO NOT** interpret or enforce the association's Code of Ethics without direction from the leadership.
- **DO NOT** regard compliance with the association's Code of Ethics as justification for anti-competitive communications or actions.
- **DO NOT** represent that the association prohibits or limits advertising, marketing or solicitation other than as the law authorizes prohibitions or limitations.
- **DO NOT** issue any document or communication on behalf of the association unless with proper authorization.
- **DO** send copies to an association staff member of any communications or documents sent, received, or developed by you when acting for the association.
- **DO** alert every employee in your company who deals with the association to these guidelines.
- **DO** alert association staff and legal counsel to anything improper.
- **DO** be conservative. If you feel an activity might be improper, ask for guidance from association staff or legal counsel in advance.

2025 Past Presidents' Charity Fundraiser

to benefit the National Alliance on Mental Illness

NARPM®'s 2025 Past Presidents' Charity is the National Alliance on Mental Illness (NAMI). NAMI is the nation's largest grassroots mental health organization dedicated to building better lives for the millions of Americans affected by mental illness. It started as a small group of families gathered around a kitchen table in 1979 and has grown into the nation's leading voice on mental health. Today, it is an alliance of hundreds of local affiliates, state organizations and volunteers who work in communities to raise awareness and provide support and education.
